iACADEMY
2002

THERE'S AN ADDITION TO OUR

SENIOR HIGH SCHOOL

The background of the image is a blurred photograph of a library. Tall bookshelves filled with books are visible, and a person is seen in the lower-left corner, sitting and reading a book. The overall color palette is dominated by various shades of blue and teal.

A MORE

**INDIVIDUALIZED
LEARNING**

APPROACH

A blue-tinted photograph of a modern building interior. In the background, a large, three-dimensional sign spells out 'ACADEMY' in a bold, sans-serif font. The sign is mounted on a wall with vertical wooden slats. To the left, a person is standing near a large, dark, angular structure that appears to be a piece of art or a large sculpture. The overall atmosphere is modern and artistic.

INTRODUCING...

iACADEMY Senior High School

DRIVE

**Design for Remote,
Individualized Versatile Education**

What is DRIVE?

DRIVE or Design for Remote, Individualized Versatile Education is the response of iACADEMY to cater to students with unique learning styles and preferences. It is the offspring of learnings and insights gained from the shift to online learning.

While iACADEMY continues to run its SHS program under GOAL (Guided Online Autonomous Learning), the experience of learners and teachers validates that different learning approaches must be applied to different students in order to help them achieve their fullest potential all while maintaining and being in their best element.

WHO IS IT FOR?

- **DRIVE is the best alternative for students who are challenged in regular, structured, predefined classes;**
- **DRIVE is for the very busy and for those who cannot log in regularly to attend online/onsite classes but would still like to finish schooling at the right time. DRIVE is completely ASYNCHRONOUS but offers 30 hours of optional consultation should the student or parents want to have sessions with the teachers and success coaches;**
- **DRIVE is for those who want access to iACADEMY education without the worry of location later on. DRIVE will forever be ONLINE;**
- **DRIVE is for those who have preference on what subjects to take and when to take them within a prescribed period. DRIVE is MODULAR; students can choose the sequence of their subjects which they can take at their own pace at their own chosen time;**

With DRIVE, students will be able to go through the modules and examinations at their own pace throughout the academic year, allowing for more flexibility. Though individualized, however, the students still have the option to reach out to their subject teachers and success coaches for a maximum of 30 hours per year of consultation or mentorship sessions.

DRIVE is iACADEMY's newest initiative to produce Game Changers through catering to those who prefer a more individualized form of education outside GOAL

PROGRAMS OFFERED UNDER DRIVE

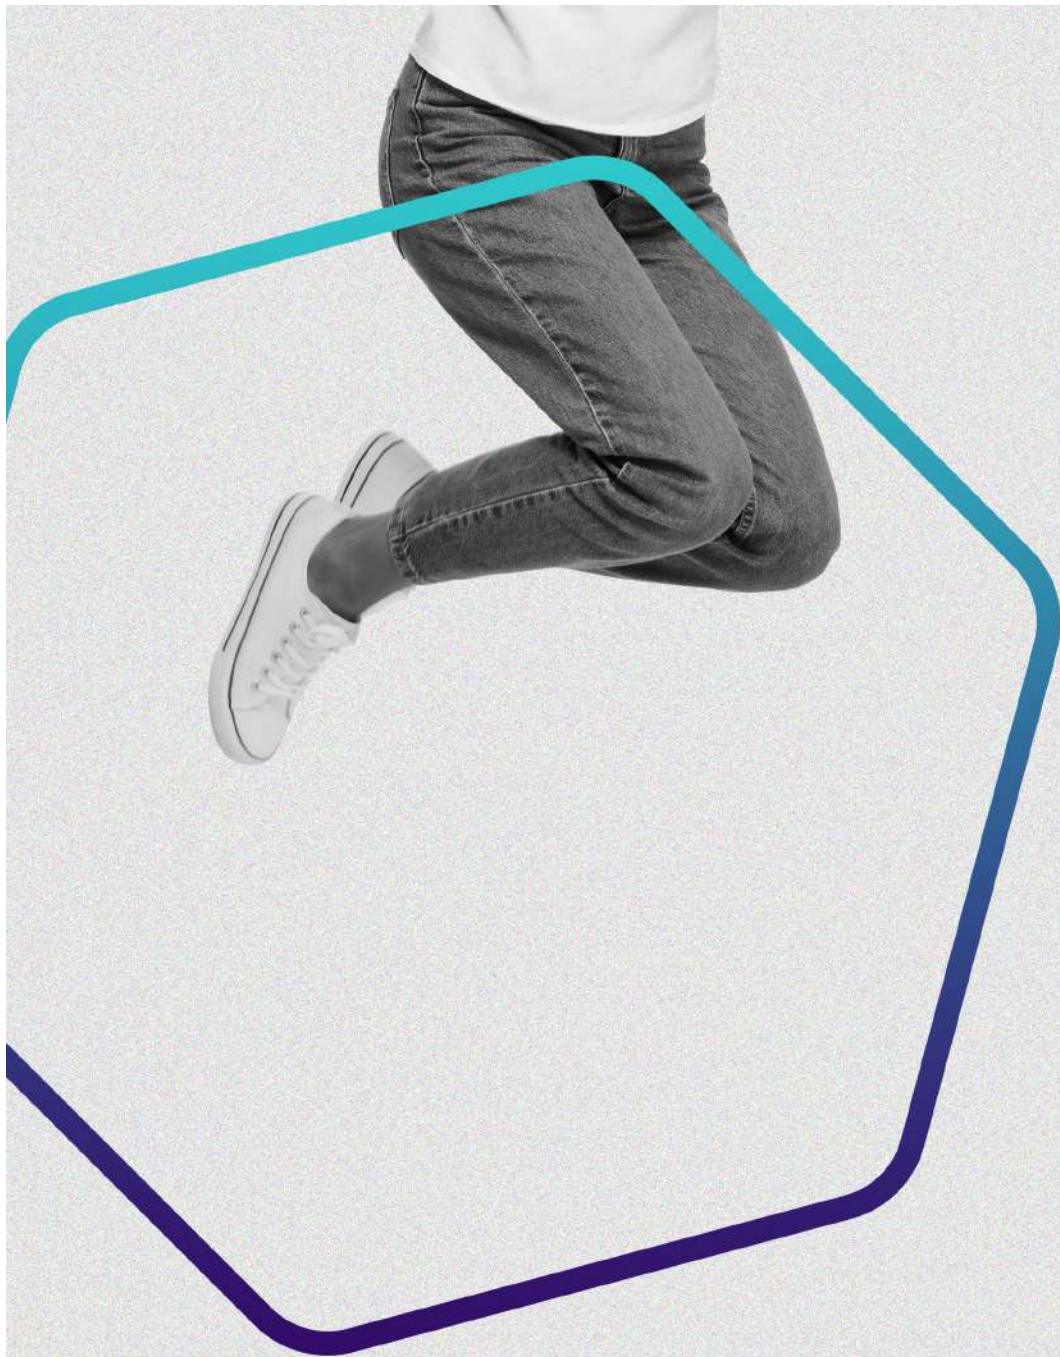

- Accountancy, Business, and Management
- Animation
- Software Development
- Multimedia Arts

Due to the specialized nature of DRIVE and the Senior High School curriculum of iACADEMY, the learning resources are curated and created by the school, experts in the academe and guided by industry professionals.

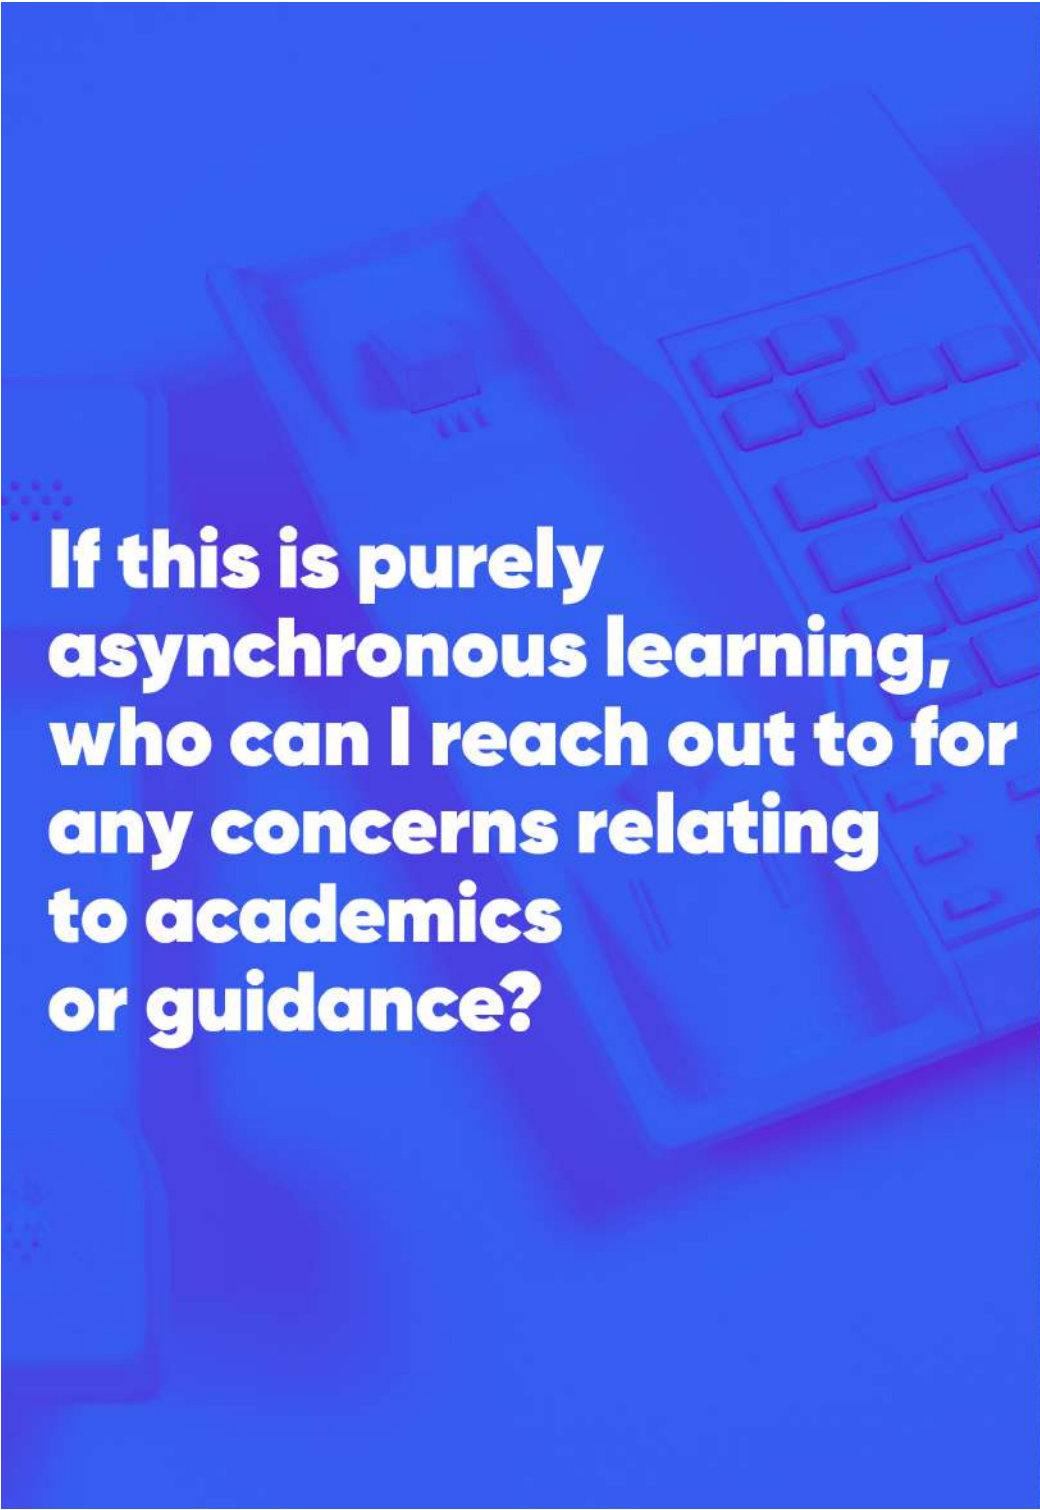

NOW,
YOU'RE
PROBABLY
THINKING...

If I can work at my own pace, can I finish my first year in advance and jump into Grade 12 IMMEDIATELY?

You can finish in advance and get a long vacation while you wait for the next school year. Although you have full control of what and when to take subjects to complete your grade level, these subjects are assigned on a yearly basis and follow a school calendar prescribed by DepEd, which also requires the school to submit a list of students and their current grade levels annually.

If this is purely asynchronous learning, who can I reach out to for any concerns relating to academics or guidance?

Students enrolled in DRIVE may avail of consultation sessions with either the Subject Teacher or Success Coach. The following areas can be the focus of the said sessions:

- Providing Academic Support
- Scheduling Daily Lessons
- Managing Workload
- Meeting with Parents
- Providing Expert Opinion
- Guiding Project Work
- Connecting to Student Services

Each student is entitled to 30 hours of consultation per subject, which he/she may or may not fully utilize during the year. These sessions can be done in different forms namely:

- Individual sessions
- E-Learning Pods
- Parent Conference

If, in any case, the student would want to avail more consultation hours in excess of the 30 hours allotted to him/her per subject, corresponding fees will be charged.

Is the enhanced program applicable to students under DRIVE?

YES. Just like in GOAL, students who finished DRIVE are eligible to take the Enhanced Program related to the strand they took in Senior High School when they enroll in college in iACADEMY.

**Can a DRIVE student join
virtual events and activities
of iACADEMY?**

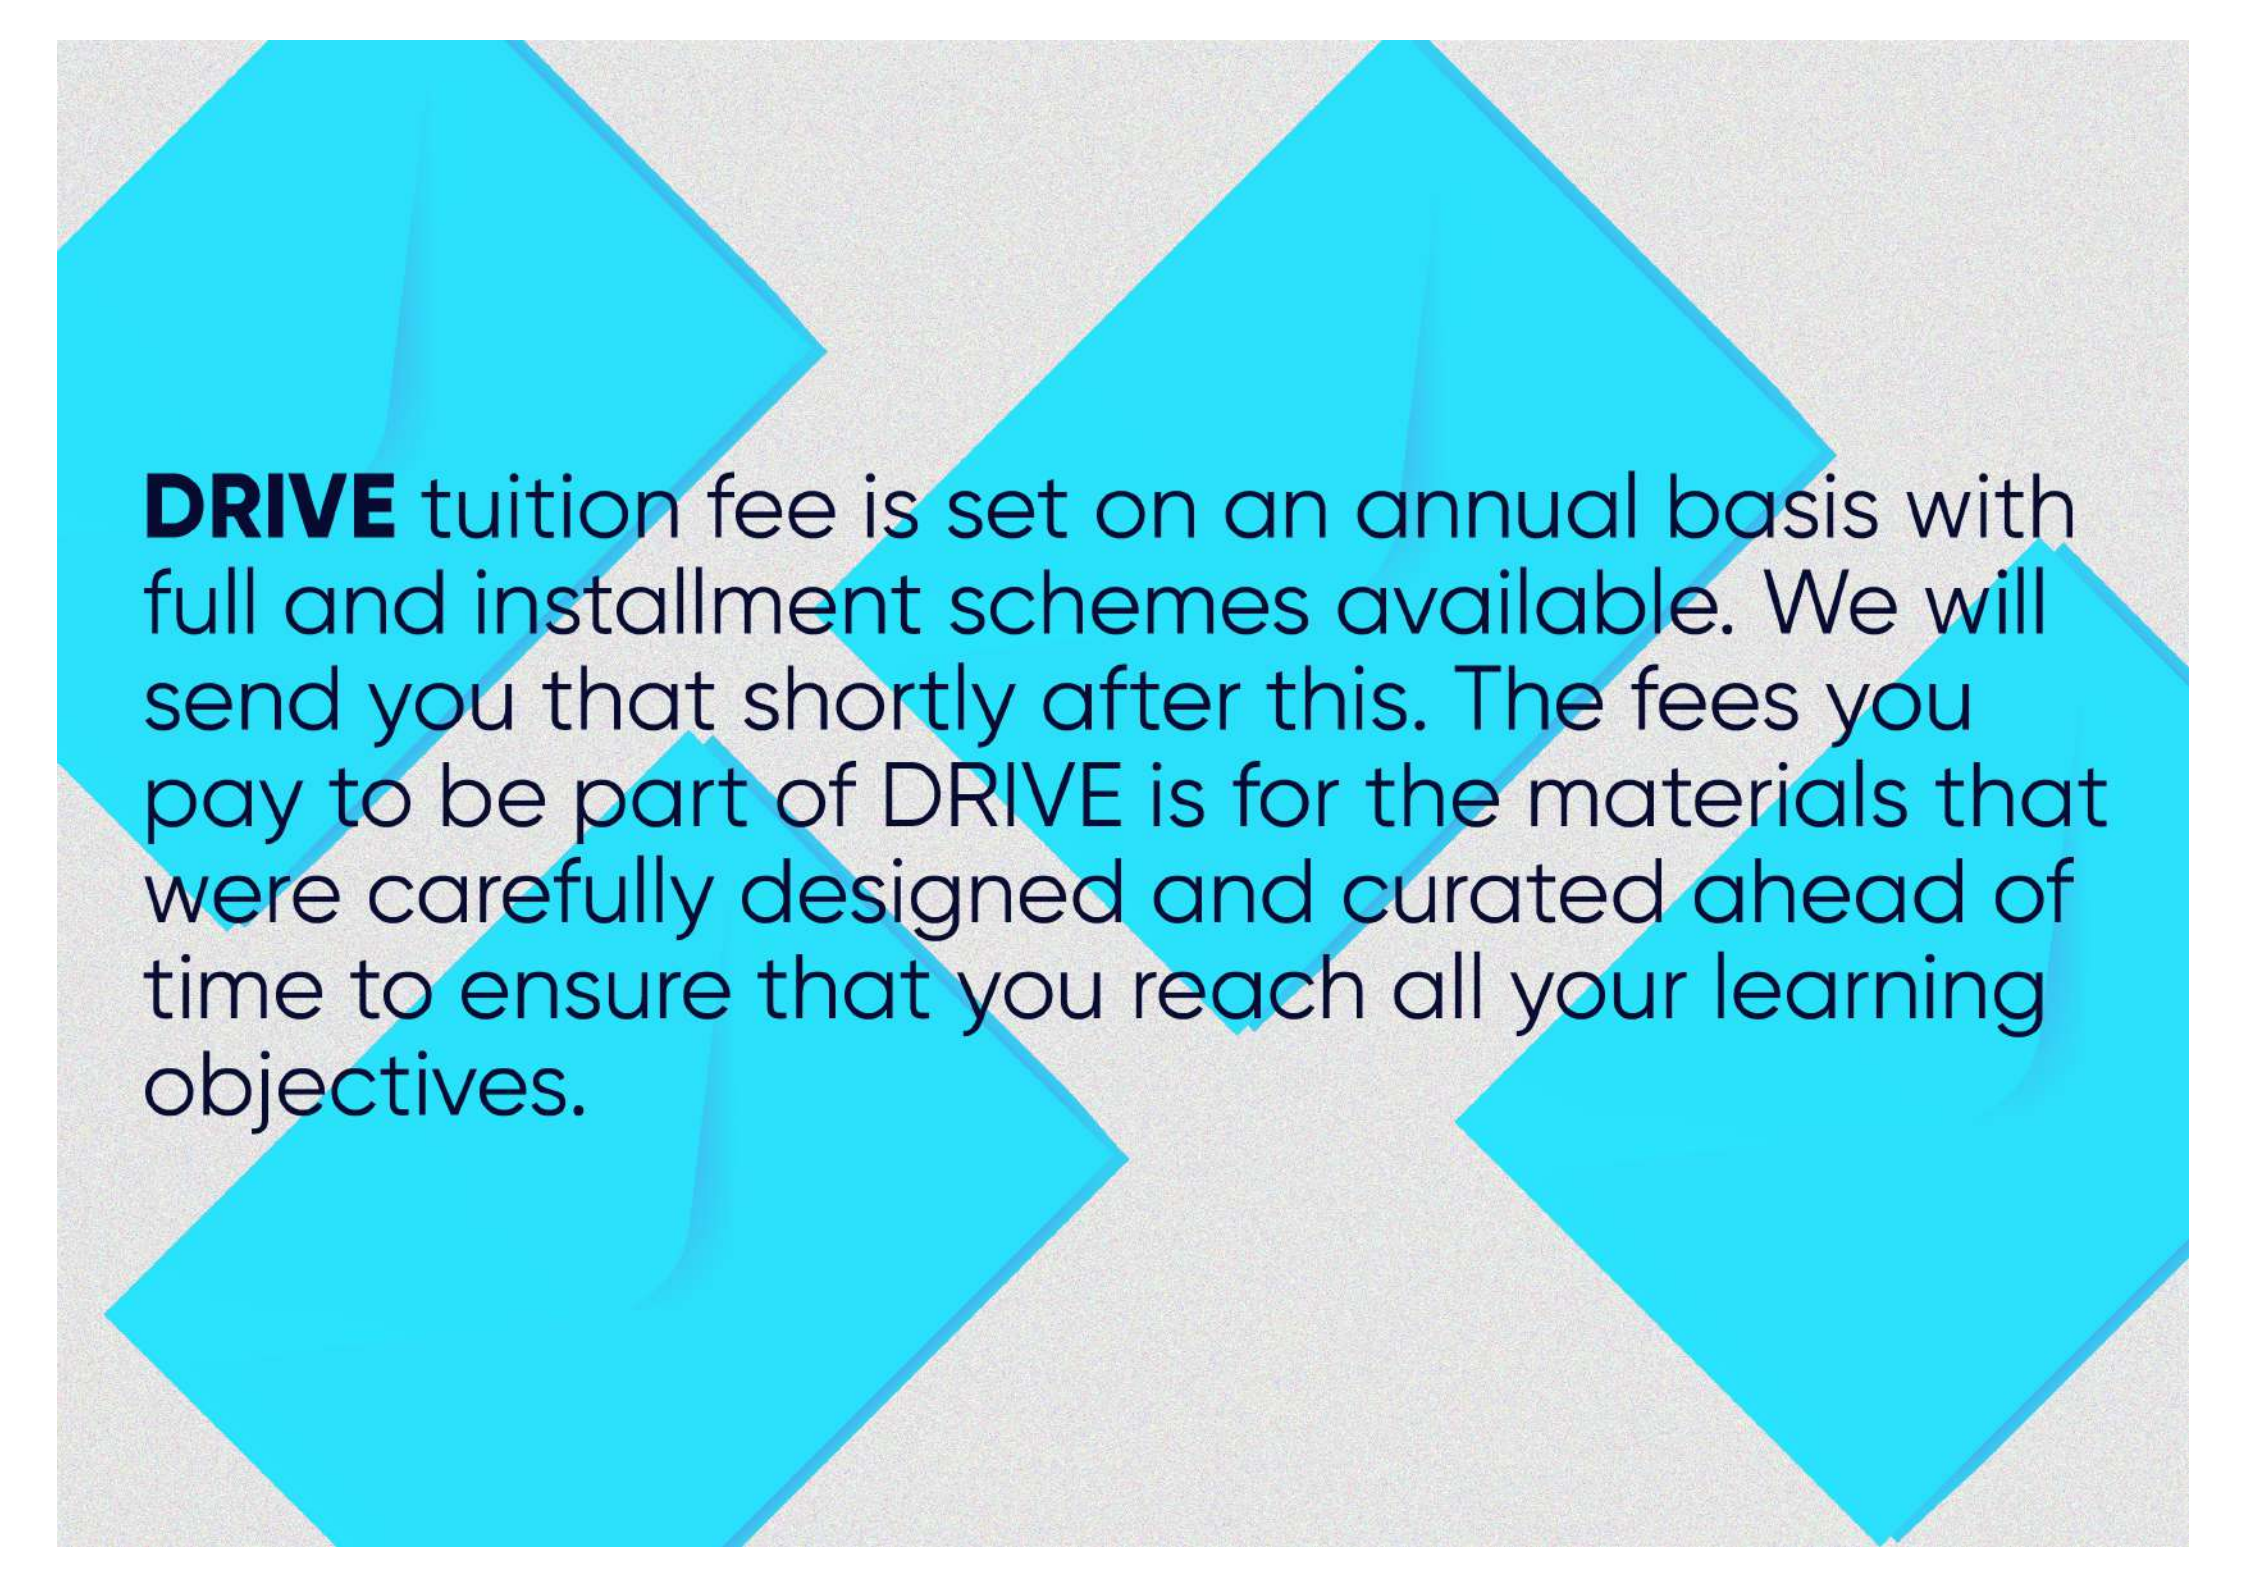

Some virtual events,
yes. Onsite events, no.
There will be specific
events that will be
designed for students
under DRIVE that don't
defeat their preferred
individualized
approach.

The background is a blue-tinted photograph of a building facade. The facade features vertical slats or louvers. A large, three-dimensional sign spelling 'ACADEMY' is mounted on the wall. The word is in a serif font and appears to be made of a light-colored material. The image is overlaid with a solid blue color.

AWESOME RIGHT?!

The background image is a low-angle photograph of a modern building's exterior. The facade is composed of numerous vertical wooden slats of varying heights, creating a textured, rhythmic pattern. Large, three-dimensional, dark-colored letters spelling out 'ACADEMY' are mounted on the wall, partially obscured by the slats. The entire image is overlaid with a semi-transparent red filter. Centered over this background is white, bold, sans-serif text.

**NOW, HOW MUCH WILL BE YOUR
INVESTMENT FOR THIS TYPE OF
EDUCATION?**

DRIVE tuition fee is set on an annual basis with full and installment schemes available. We will send you that shortly after this. The fees you pay to be part of DRIVE is for the materials that were carefully designed and curated ahead of time to ensure that you reach all your learning objectives.

WHAT ARE YOU WAITING FOR?

HERE'S HOW YOU CAN APPLY:

01 Student applicant will fill out the student information sheet here:
<https://tinyurl.com/iACADEMYDRIVE>

02 Student will register in iSIMS here:
<https://isims.iacademy.edu.ph/iacademy/applicants/>

**Click on the DRIVE option for Senior High School.*

03 Pay the 500php application fee:
iACADEMY BANK DETAILS
Account Name: Information & Communications Technology Academy, Inc.

BDO Account No: 0089-5800-5430
Swift Code: BNORPHMM

SECURITY BANK Account No: 0514-043205-001
Swift Code: SETCPHMM

CHINABANK Account No: 1003-0000-5963
Swift Code: CHBKPHMM

METROBANK Account No: 291-7-29181232-1
Swift Code: MBTCPHMM

Submit the proof of payment along with the following requirements:

- 2x2 ID photo
- School ID
- Birth Certificate
- Proof of payment/Screenshot for the 500 php application fee

Email all this to:
To: admissions@iacademy.edu.ph
Cc: inquire@iacademy.edu.ph

Email subject: SHS DRIVE: FIRST NAME, LAST NAME
SY2021-2022

04 Once documents and payment have been received, our Admissions Officer will get in touch with you for the online interview.
